Bricks provided by

# Thats My Brick!®

Adept Engraving LLC has been working with thousands of organizations throughout the country, helping them to raise funds for various causes through That's My Pan!® Fundraisers. We are now offering personalized bricks to further the success of our fundraising organizations. Our bricks are great for plazas, memorials, walkways, and anywhere else you use bricks! Show your support by personalizing a brick today!

## The Marking Process

That's My Brick!® uses a patented, laser-based marking process that produces a layer of black, fused glass on any color surface of the brick or tile. The marks are flush with the surface of the brick or tile, which means less maintenance and no chance of wear-based damage.

All samples passed each of the ASTM-specified test conditions (Freeze/Thaw cycling, Salt Spray exposure, Ultraviolet Light exposure) with flying colors. The independent testing has proven that bricks marked with our process and installed properly in your project will last longer than our lifetimes.

# CBHCM BRICK LEGACY PROJECT

Set your name in stone for generations to come. Commemorate your memories of Cannon Beach and be part of history as you help us redesign the Museum's permanent exhibit display - which has not been updated in 20 years. We hope to bring the Native American history to the forefront of the museum, and create more modern and interactive displays, showcasing the very unique history of Cannon Beach and Arch Cape. Your brick will also help the Museum's general operations, ensuring we keep our doors open and the Museum free to explore for all who seek to learn.
